Notification dated 13th March 1952.

No. T. 12634. The attention of the Wholesale dealers in the State is invited to Para 2 of Notification No. T. 12462 dated 11th March 1952. The Wholesale dealers are hereby permitted to sell Bombay, Ahmedabad and Sholapur Mills goods on hand as well as goods bearing January, February and March 1952 Tex to be allotted throughout the State without any quantitative limit.

2. In Para 3 of the above Notification Binny goods on hand were permitted to be sold throughout the State without quantitative limit but January, February and March 1952 Tex goods were permitted to be sold in the Districts concerned without quantitative limit. This is modified to permit sale of Binny goods on hand as well as goods bearing January, February and March 1952 Tex goods allotted or to be allotted throughout the State without any quantitative limit.

3. In para 4 of the above Notification the Wholesale dealers were required to sell the local mill goods to the retailers concerned after the retailers had shown an entry in the purchase slip attached to the licenses that the retailer has purchased 100 yards of Bombay, Ahmedabad and Sholapur mill goods for that month. This condition remains in force. But in areas where the retailers are not attached to wholesale dealers, the wholesale dealers should sell local mill goods (*i.e.*, goods manufactured in Mysore Spinning Mills, Minerva Mills and Krishnarajendra Mills) to the retailers of the Taluk at not exceeding in the aggregate 300 yards to a retailer in a month. In case the goods are not purchased by the retailers within 8 days from the date the goods are actually received by the wholesale dealers, they are free to treat such goods as lapsed and sell to the retailers in the District not exceeding in the aggregate 300 yards to a retailer in a month under free-sale.

4. In areas where retailers are attached to the wholesale dealers, the quantity of the above local mill goods received should be equitably divided and sold to the retailers both in quantity and variety. They should not hold back goods from offering to the retailers. Where the attached retailer fails to purchase the goods before 8 days from the date the wholesale dealer sends intimation to the retailer concerned the quota may be treated as lapsed and may be sold to any retailer within the district concerned, not exceeding in the aggregate 300 yards to a retailer in a month under free-sale.

5. In effect a retailer in acres where retailers are attached to the wholesale dealers can purchase in a month the quantity due to him in regular allotment *plus* a quantity up to 300 yards under freesale from one or many wholesale dealers attached to the same district. A retailer in areas where retailers are not attached to wholesale dealers can purchase a maximum quantity of 300 yards of regular quota from one or many wholesale dealers attached to the taluk or area concerned and a further maximum quantity of 300 yards under free-sale from one or many wholesale dealers attached to his district.

6. The above quantitative restriction regarding sales of local mill goods apply to the goods allotted in 34th allotment and onwards. Local mill goods remaining in stock out of allotment made before 34th allotment, may be sold to the retailers in the District concerned without any quantitative limit.

7. The Wholesale dealers should note sales in the Purchase slip attached to retail licenses the details of sales as at present (entries relating to first sale or free-sale regarding local mill goods and sales relating to Binny's, Bombay, Ahmadabad and Sholapur goods separately).
